Dear _____

I decided I would try really hard to improve my working habits this year but I need your cooperation. If you accept your part of the deal, I will:

- Go to school every day except when I have a really good reason to miss.
- Bring my homework from school every day.
- Ask you for supplies ahead of time when I know that I need them.
- Set a routine to do my homework each night.
- Be friendly with my teachers and try to get along with them.
- Speak up and come to you before I get too confused when I have problems with my schoolwork.
- Get proper rest each night and not stay up too late.
- Not use homework as an excuse for getting out of chores.
- Study for tests and exams.
- Hand school work in on time.
- Organize my school work and supplies and keep it that way.
- Participate during class.
- I will come to you if I have a problem.
